Honorable William Casey  
Director  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Mr. Director:

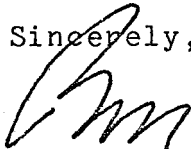

Each year since being elected to Congress, I've had the privilege of sponsoring an intern program which I feel is very special. One junior student from each of the high schools in my Congressional district in Houston is brought to Washington, D.C. for a week of in-depth study of the workings of our federal government. Students are selected on the basis of scholastic achievement, school and civic activities. This Student Intern Program has met with great success in its ten year existence -- primarily because our governmental leaders and other influential individuals have shown a willingness to share their thoughts and insights with these young high school representatives.

The purpose of my letter is to ask if you would be able to spend a short time with the students, at a time and place convenient to you.

The students will be visiting Washington in two groups of sixteen each on consecutive weeks in March. Meetings for our first group of students will be scheduled between March 8th and 12th, and the second group from March 15th-19th. I know that an opportunity to visit with you would mean a great deal to the young men and women in either or both of the groups, if your busy schedule would permit. It has been my hope that the program would help the students to better understand that their government is accessible to them -- and to make them feel a greater sense of participation in our democratic process.

I would very much appreciate your asking a member of your staff to call Lisa in my office (225-2572) to let us know if you'll be able to participate in the program. Thanks very much for your consideration, and with best wishes,

Sincerely,

Bill Archer  
Member of Congress
